

# Multifamily Upgrade Program

## Pacific Gas and Electric Company Announces New Multifamily Upgrade Program

Pacific Gas and Electric Company (PG&E) has launched the Multifamily Upgrade Program, offering incentives to existing multifamily properties for conducting an energy and combustion safety assessment and upgrading to qualifying, energy efficiency products and systems.

### Eligibility Requirements

- Affordable and/or market-rate properties
- Gas and/or electric service from PG&E
- Minimum of 5 units per building
- Engage with Participating Rater (Jones Energy Solutions) to perform the assessment work
- Minimum of 10 percent whole-building energy savings
- Complete energy upgrades by December 31, 2015
- Complete assessment work by July 15, 2015
